Summary

Data Analytics and Decision Science student at RWTH Aachen Business School with a strong academic background in engineering and hands-on experience in quantitative analysis and data-driven decision making. Complementary professional experience in operational management, where tracking performance and improving processes were key responsibilities. Currently seeking an internship to apply and further develop analytical skills in a real-world environment.

Education

MSc in Data Analytics and Decision Science 10/2025 – Present | Aachen, Germany
RWTH Aachen Business School

BEng in Petroleum Engineering, Baku Higher Oil School 09/2019 – 06/2024 | Baku, Azerbaijan

Skills

Technical Skills

- Microsoft Office (Word, PowerPoint, Outlook)
- Power BI
- Microsoft Excel
- Python (pandas, NumPy, SciPy, Matplotlib)
- Git/Github
- GAMSPy

Soft Skills

- Strong analytical and problem-solving skills
- Clear communication of technical results to non-technical audiences
- Effective in teams and self-directed on independent work
- Adaptable, detail-oriented, and reliable under deadlines

Projects

Vintage Watch Parts Analytics 🤝, Python, DuckDB, eBay API — Team of 3 04/2026 – 07/2026
Built an evidence-based pricing pipeline (TMV) with a DuckDB warehouse and 716 automated tests; priced 575 of 728 inventory items into a ~€186k portfolio. *Led the historical-data scraping and the TMV & turnover models.*

NVIDIA Investment Pitch, Financial analytics, Excel — Solo 05/2026 – 06/2026
Built a data-driven BUY case from ~545 daily returns: annualized return/volatility, beta, Sharpe (1.20 vs S&P 0.64), 95% VaR, and max drawdown vs SPY/QQQ/AMD, with a bull/bear thesis and valuation.

MNL Assortment Optimization 🤝, GAMSPy, CPLEX, OR — Solo 06/2026 – 07/2026
Benchmarked 3 reformulations of the NP-hard capacitated MNL assortment problem; proved the tightest valid formulation and showed a conic model solves at $|N|=200$ in ~7s vs ~110–133s for the MILPs.

Bankruptcy Prediction 🤝, Python, scikit-learn — Team of 4 11/2025 – 02/2026
Predicted corporate bankruptcy on an imbalanced dataset (6,819 firms, ~3% positive); compared 5 classifiers with stratified cross-validation and GridSearchCV, evaluated on F1, recall, and ROC-AUC.

Professional Experience

- General Manager, Zimmer Boutique Hotel11/2023 – 09/2025 | Baku, Azerbaijan
- Produced monthly financial reports using Excel, consolidating reservation revenue, operational expenditures, hotel rent, and third-party booking platform commissions (Booking.com and others) to calculate net profitability.
 - Tracked and analyzed reservation data across multiple booking channels to monitor occupancy trends and revenue performance.
 - Managed day-to-day hotel operations, ensuring high guest satisfaction and efficient resource allocation.

Certificates

- | | | |
|---|-------------------------------------|-------------------------------|
| Introduction to Data Analytics | Introduction to Python | Intermediate Python |
| Introduction to Statistics in Python | Exploratory Data Analysis in Python | Data Manipulation with pandas |
| Introduction to Data Visualization with Seaborn | IELTS 7.0 | |
